BA (Hons) INTERIOR  
DESIGN

September 2018 - July 2021  
University of West England,  
Bristol

## ABOUT ME

Known as a thoughtful, passionate, and determined creative who aims to push boundaries and create new perspectives within any role in the workplace.

I have a natural skill for problem solving and conceptualising the subjective into a visual realm. I am extremely driven, enjoy learning and pay great attention to detail. My intuitive artistic perception makes me stand out as a creative who is driven in producing innovative ideas and possibilities in every situation. I am capable of working in a team, as a leader independently.

As an interior design/architecture graduate I have a strong technical understanding of art and design as well as my own theory and practice that I would love to implement and expand in the creative industry.

## EXPERIENCE

### Creative

**Creative designer – BARBI Bristol & LOUD Bristol, BRISTOL**  
09-2021 - PRESENT

Creating branded media content for the release of an independent magazine and launch of BARBI food delivery app.

Designed advertisement campaigns including bespoke billboard and magazine pages.
